Paula,

Can you send me an invitation to the Sharepoint site, and I'll upload the list.

Thanks!

Right now I think that the most current version of the contact list is on the I-drive. I would agree that it could be on the SharePoint for the Upper Animas site.

I think the Sharepoint site would be best, but let's decide on one place, so we have only one working copy not several at different locations.

Would you like to share it through Sharepoint?

Otherwise, you would edit the document liked I showed you yesterday in Excel and then "Save As" to a folder. If you could add it to the I Drive, that would be great.

Here is the restricted share drive I set up: I:\Restricted Share\Upper Animas

How do we download this spreadsheet to an email. I want to send this over to the State so that Randy has contact information. Thanks.

I've combined Paula's and my contact lists and updated it with the contacts Lisa gave us last week. You should be able to access it on my OneDrive until we get the ShareDrive set up. I think it would work best if we were working from the same list. Let me know if you have any problems accessing the file.

Thanks,  
Cynthia
